ASSOCIATION OF GERMAN

AESTHETIC PLASTIC SURGEONS

Founded in 1995 in Leipzig, the **Association of German Aesthetic Plastic Surgeons** is the largest association of aesthetic plastic surgeons in Germany.

Full **VDAEPC** members are board-certified plastic surgeons whose work focusses on aesthetic surgery. Fellows have been board-certified for less than three years; Juniors are still in training.

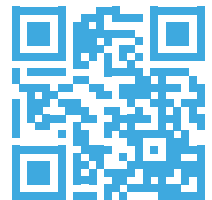

Every year, the **VDAEPC** releases surgical and non-surgical treatment statistics to offer insights on developments and trends in aesthetic surgery in Germany.

The **VDAEPC** collaborates with national and international associations including:

Primary goals of the **VDAEPC**:

- Ensuring quality and competence through strict member admission criteria
- Promoting research and development in the field of aesthetic plastic surgery, as well as teaching and continuing medical education
- Supporting members in the area of quality management
